

THE MICROSCOPE

Burnsville Medical Alliance Newsletter

Vol. 1 May 2007

Welcome

The Burnsville Medical Alliance is an economic development initiative designed to assist in the growth and expansion of medical and health care firms in Burnsville. To further communications with our current cluster of companies we hope to provide this newsletter two to three times per year. You can learn more about our efforts by accessing our web site at www.burnsvillemedical.com.

Med Net Event

Med Net, which is a networking association for medical manufacturers and manufacturers/suppliers to the medical industry, will be hosting a networking event on June 12 from 4:30 p.m.-6:30 p.m. at Jensen's Café located on Nicollet Avenue and Burnsville Parkway.

Med Net was formed last October. Additional information is available at www.mnvalleymednet.org.

Burnsville Medical Alliance Efforts

The Medical Alliance has represented Burnsville businesses at the BHS Career Fair, the Chamber State of the City Lunch, with ads on both Life Science Alley and the Economic Development Association of Minnesota (EDAM) web pages and newsletters. At the end of June The Medical Alliance will host a display at the summer conference of EDAM.

City staff is currently in conversation with a start-up medical device company looking at Burnsville for its corporate headquarters.

Project Lead the Way

Last September Burnsville-Eagan-Savage Independent School District 191 started a pre-engineering program for all seventh graders in the district. Each year the curriculum will be expanded with students eventually able to take engineering courses 7th-12th grade. The courses give students experience in all fields of engineering with emphasis on math and science skills.

Get Fit Burnsville

Burnsville wants to become the fittest city in America. If you would like to get copies of our brochure detailing events for the summer contact Melissa 952-895-4412 in our recreation department or visit www.burnsville.org

Fun News
